Try to find all of the words written below in **bold** in the Word Search above! While you're at it, you'll learn some useful banking terms. Words may be written backwards, forwards or diagonally.

ACCOUNT: Your account is the relationship you have with a bank or any other business. It's also a record of that relationship.

BALANCE: The amount of money in an account, especially after an activity such as a withdrawal or an interest payment. For loans, the balance is the total that you still need to repay.

BILLS: Requests for payment for services or items that you have already received.

BORROW: To get money from someone to use now, with an agreement to pay it back later.

BUDGET: A plan for earning, spending and saving money over a given period of time.

BULLION: Gold or silver in bar form.

CREDIT: Money that is due to someone, or money that is added to an account. In accounting terms, the opposite of debit.

MINTING: Making money by stamping metal to create coins.

MORTGAGE: An installment loan made on a house.

YIELD: The amount of money you earn on an investment, figured as a percentage of the amount you invested.

Try to find all of the words written below in **bold** in the Word Search above! While you're at it, you'll learn some useful banking terms. Words may be written backwards, forwards or diagonally.

CAPITAL: Valuable things like cash and equipment that belong to a business.

CHECK: A piece of paper that transfers money from the check-writer's account to the person being paid, in place of cash.

INVESTING: Money spent to make more money. Investments in a business are called capital. You can invest in a business by buying stocks. Investing can be risky, so you should make sure you know a lot about anything you invest in.

LOAN: Money given to someone with the understanding that it will be paid back, usually with interest.

PERCENTAGE: A fraction of something, always divided by 100. One percent is 1/100th, ten percent is 10/100ths, and so on.

PERIOD: The amount of time used to figure interest and record activity, usually one month.

PRINCIPAL: An amount of money before interest is added. For a loan, it is what you owe before finance charges; for a deposit, it is the amount of money before you earn interest.

REGISTER: The record kept of all transactions.

TRANSACTION: Any change or activity in your account, such as a deposit or withdrawal.

WITHDRAWAL: Taking money out of an account.

Try to find all of the words written below in **bold** in the Word Search above! While you're at it, you'll learn some useful banking terms. Words may be written backwards, forwards or diagonally.

CONTRACT: A written agreement between two or more people that describes some kind of trade of work or goods for money.

CREDIT: Money that is due to someone, or money that is added to an account. In accounting terms, the opposite of debit.

CURRENCY: The physical form of money, or cash.

DEBIT: Money that someone owes, or an amount that is subtracted from an account. In accounting, the opposite of credit.

DEPOSIT: Money put into a bank account.

ENTREPRENEUR: Someone who creates a business to meet an opportunity or need; an independent, creative businessperson.

INTEREST: The fee for using money, usually a set percentage of the money. In savings accounts, the bank pays the saver interest; in loans, the borrower pays the lender interest.

INCOME: Money you receive.

PAYEE: The person or company you write a check to.

TRANSFER: Moving money from one account to another.
